

## 2015 Top 500 North American Solar Contractors

Solar Power World, the industry's leading source for technology, development and installation news, presents the **2015 Top 500 Solar Contractors list**. The list ranks applicants according to their influence in the industry in 2014.

The list details the location of a company, how many people it employs, its primary market (utility, commercial, residential or off-grid), as well as its primary service (EPC, developer, rooftop contractor, construction firm, electrical subcontractor, non-profit installer or solar hot water installer). Ranks are determined by the number of megawatts a company was involved with installing in 2014. If two companies reported the same 2014 numbers, they were sorted by total megawatts installed.

Solar Power World thanks our 2015 Top Contractors Advisory Panel and [SolarReviews](#) for their help in verifying installation claims.

RANK	COMPANY	CITY	STATE	YEAR FOUNDED	EMPLOYEES	PRIMARY MARKET	PRIMARY SERVICE	TOTAL TOTAL MEGAWATTS INSTALLED	TOTAL MEGAWATTS 2014
1	<a href="#">First Solar Inc.</a>	Tempe	Arizona	1999	6060	Utility	Developer	3,881.333	1,023.130
2	<a href="#">Mortenson Construction</a>	Minneapolis	Minnesota	1954	3810	Utility	EPC	1,275.900	512.920
3	<a href="#">SolarCity</a>	San Mateo	California	2006	10000	Residential	Rooftop Contractor	1,100.000	502.000
